

Anneliese Gillette

Anneliese started dancing at age three and has loved it ever since. She has carried that love with her everywhere she has traveled: two different studios in Missouri, a studio in Denver, Colorado, Main Street Dance in Riverton, Wyoming, and now En Avant Dance. She has focused mainly on ballet, tap, jazz, and lyrical, but enjoys exploring all styles of dance.

Along with taking classes, Anneliese has assisted with and choreographed multiple musicals and loves using dance to tell stories and connect with others. She is excited to share her passion for dance with her students and hopes to have them build confidence in dance and have fun.
